

Neighbourhood Plan Launch - 21st July 2021

Held on the Parish Recreation Ground this was the first event to engage residents with the proposed Little Dunmow Neighbourhood Plan. All residents were invited by email and by knocking on doors as well as flyers to everyone in the parish.

A stall was set up with a board displaying a large-scale map of the parish. A large gazebo was erected adjacent to the stall with boards displaying themes and objectives, (Environment, Getting Around, requesting comments from residents on post-it notes

supplied.

These comments helped form the basis of our Housing Needs Assessment document as well as our SWOT analysis for the preparation of the Neighbourhood Plan. About twenty residents attended. However as Neighbourhood Planning is a new concept for all residents the Steering Group was pleased with the interest demonstrated by the many post-it notes collected.
