

Jubilee Event - Sunday 5th June 2022

This Neighbourhood Plan event was held on the Recreation Ground, in conjunction with the late Queen's Platinum Jubilee event. A stall was erected, once again displaying a large-scale map of the parish and the Housing Needs Survey prepared professionally by AECOM Infrastructure & Environment UK Ltd. Interest in a Neighbourhood plan was noted to be building with questions asked by residents on its progress. However overall attendance at this event was lower than expected perhaps because of the poor weather.
